

Meals

For our in-patients, we serve delicious, healthy and safe meals with high quality nutritional management. We plan a variety of menus focusing on seasonal dishes. In addition to our general meals, we prepare therapeutic diet foods for patients who may need to follow a strict diet such as a diabetic diet, renal disease diet, a soft diet, etc...

Available services

- You have a free access to your room (private card key will be provided) even outside of visiting hours.
- Delivery service from the restaurant, Sora, located next to our special private rooms is available. Please refer to the menu in your room, and pay directly at the restaurant. In some cases, your doctor may advise you not to use the restaurant.

Please consult with your doctor if you would like to stay in our special private room.
